Mary S. Stecher of Emerita writes... "I have had the pleasure to work with LeaAnn Skogsberg and Lynda Nadkarni on a major gift initiative and related board development. In my experience their excellence demonstrated unique appreciation and understanding of

the challenges facing the organization. They work creatively and intelligently with a respect for the scope of the initiative that provides clarity for all involved

Their work helped Community Care Options reach our goal of increasing board giving, participation in fundraising and launching of a capital campaign."
